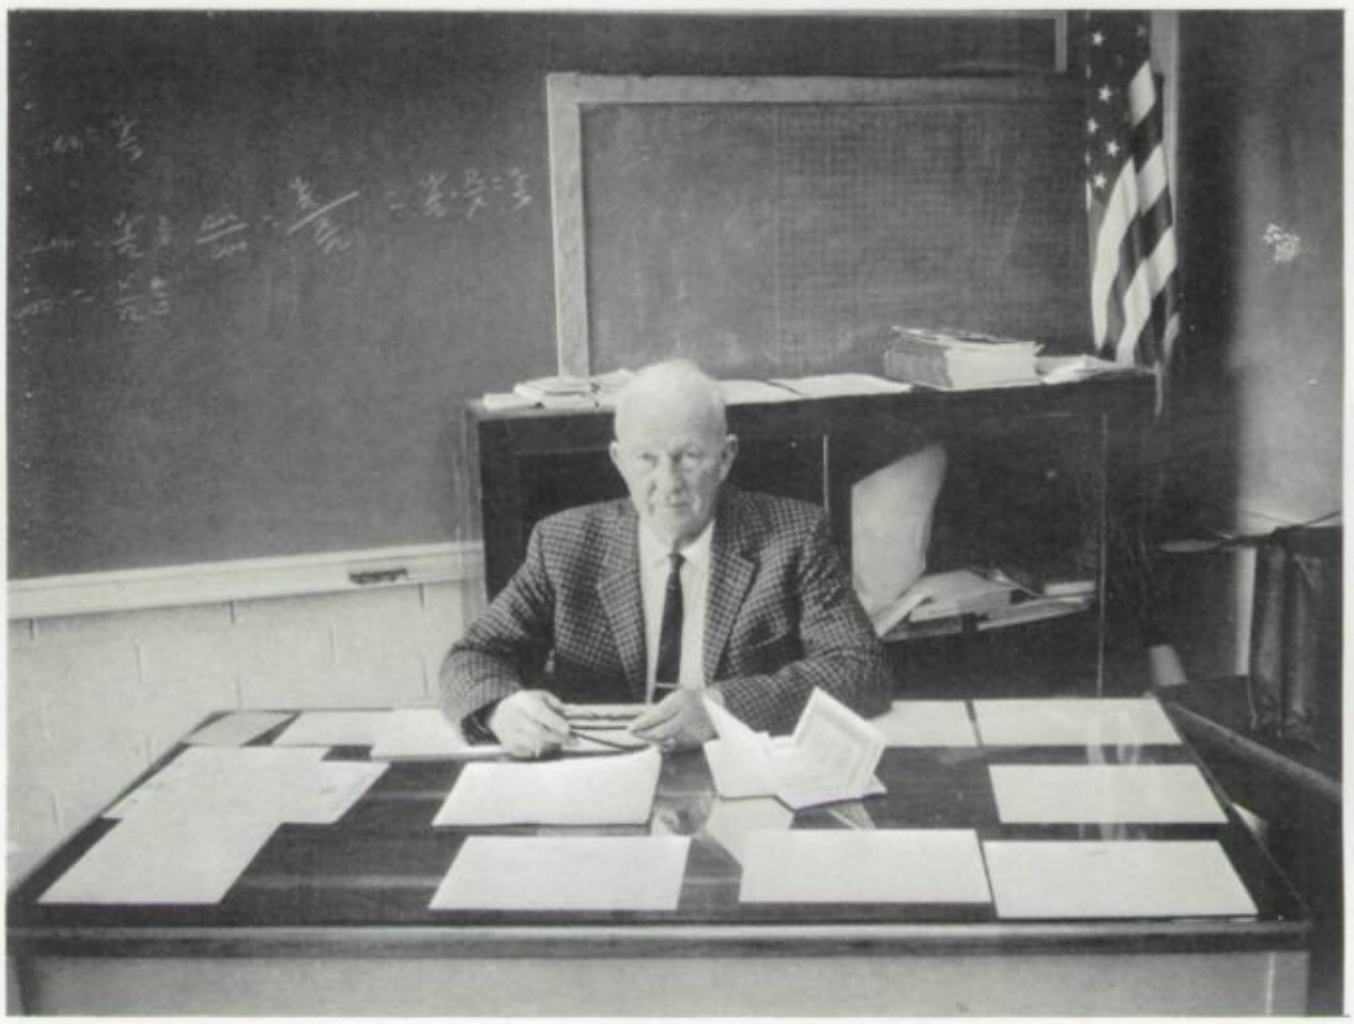
Dedication

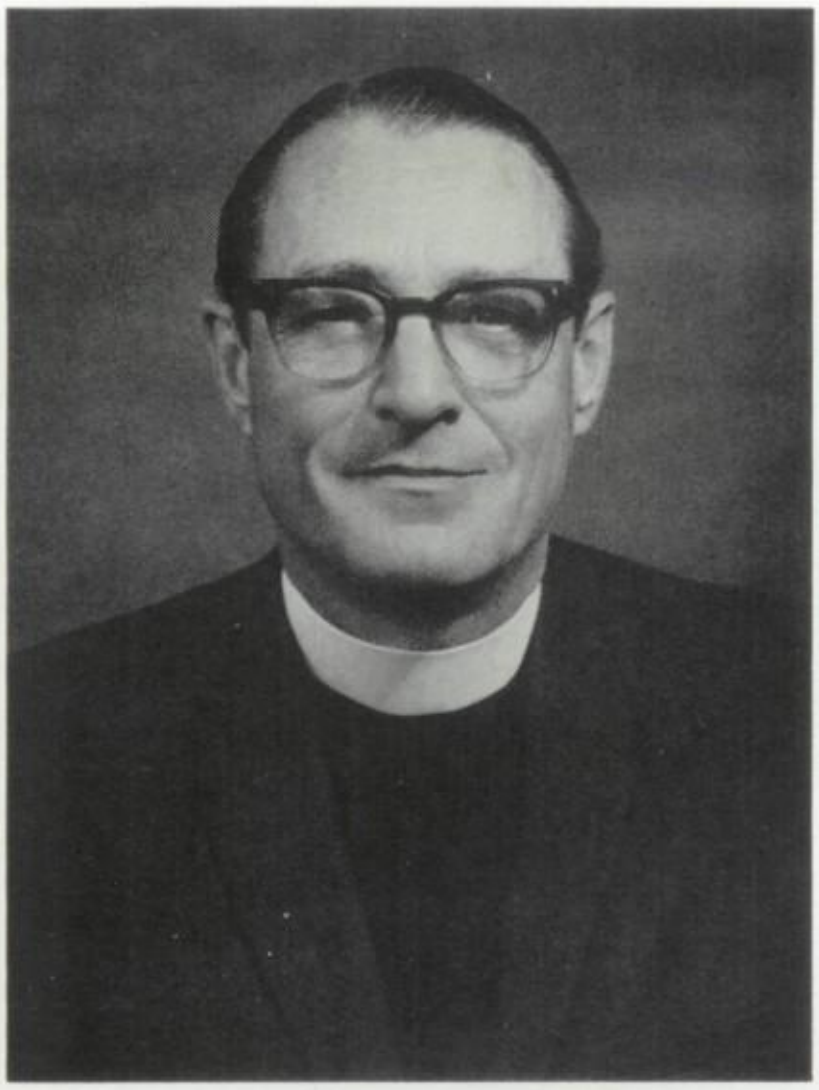


In dedicating THE SWORD and SHIELD, the class of 1969 wishes to express its gratitude to a man who has given unselfishly of his time and effort for six years. In return for his own dedication to us and to the highest principles of education, we humbly bestow this token of our deep appreciation to

Admiral Harvey P. Burden

I extend to the members of the graduating class of San Miguel my sincere congratulations and best wishes for the future. As all of you go on to higher fields of education or endeavor, the thoughts and prayers of the Church go with you. This is a turbulent age of evolution, unrest and change, but it is also an exciting and challenging age in which each one of you will play an important part. Give it your best, and may God bless you with courage, imagination and insight.

Faithfully yours,
Francis Eric Bloy
Bishop of Los Angeles



HEADMASTER CHAPLAIN

THE REV. CHARLES A. PARMITER JR.

In this world of crisis and problem into which you are going to step next year, one of the key questions for young men today is: Am I going to be a part of the problem? Of the many keys to this, I should like to suggest that you consider four: concentration, determination, decision and faith.

Concentration means intensifying or drawing things to a center. With that you will not go off on tangents and will be putting first things first. Determination means a firm resolve. With that you will get things done. Decision means making judgments. With that you will be choosing the right over things that are evil.

One more quality inspires and invigorates all the rest—faith. We need to know that this is God's world and that it is good. We need to know that God is active in it and that we do not have to be discouraged by the temporary setbacks to righteousness. We need to know that God is sovereign and that what we work for makes an eternal difference.

As you leave us, we pray that we have been able to assist you to acquire these qualities that will keep you from being part of the problem and motivate you to be part of the solution.

The Rev. Charles A. Parmiter, Jr.
Headmaster - Chaplain

Board of Trustees

B. R. Hazard
Chairman

To you men who are graduating from San Miguel, the Board of Trustees join me in our heartiest congratulations and our thanks to you for helping us to make San Miguel School one from which you are proud to have graduated, and one which we are proud to be associated with.

I believe that the program of studies and sports of San Miguel have prepared you to be better men and better conditioned to face challenges you will encounter in college and in the world after college. You do not have any greater challenges than were faced by your fathers in this same period of their lives.

We hope that you have learned to have faith in our God, our country and our American way of life, because without faith all is lost.

We are depending on you and the students following you to carry on our traditions, and our faith in you gentlemen is not misplaced.

B. R. Hazard

Senior Predictions

John Austin will get by with a minimum of effort in college, but will one day mysteriously disappear in the vast wooded retreat of a local park. The mystery will be solved, however, when thirty years later he turns up at a class reunion, a highly successful New York advertising executive.

One fateful day Hank Barnard will visit Tijuana and, upon trying to re-enter the United States, will be unable to convince the border officials of his true age. Denied re-entrance, Hank will sadly turn southward again and finish his days as a bartender at the Esso Club.

After narrowly escaping capture by officials of the San Diego Zoo, Chuck Brazell will work his way through the Police Academy by holding down a job as a bouncer for the Esso Club. He will follow a brilliant career on the Force, but will never climb any higher on the ladder of success because even his best friends will be afraid to tell him.

John Burnier will study diligently during the college years and will maintain a 4.0 average. He will then become editor of a nationally known magazine, but will never achieve fame due to the regrettable fact that he will not meet a single deadline.

Pat Crosley will satisfy himself with a minor position with Dow Chemical, but will unquestionably be the happiest member of the Class of '69.

Doug Firestone will follow an uneventful college career and enter the business world. However, one day he will renounce all his wealth and success and devote himself to writing a book. After a lifetime of work he will emerge with a highly successful collection of stories entitled "Firestone's Fables."

Mike Gates will graduate Magna Cum Laude from a highly respected university, but upon leaving the ceremony, will be cut down in his prime by a low flying airplane.

Joe Gligo will follow the most corrupt life imaginable, but one day will suddenly vanish from American society. However, this is not the last we hear of him, for eventually he will be the most famous member of the Class of '69—as Pope Joseph I.

Steve Hall will graduate from college at the age of 65, and will immediately enter into blissful retirement.

Vince Hall will follow a fantastically successful career as a football hero at a large college. He will then become a famous Hollywood actor, inheriting the fans of his predecessor, John Wayne.

John Holmertz will die a martyr's death, for during his college years he will suffer a fatal shaving accident which will lead Ralph Nader to conduct a much-needed investigation of the power lawnmower industry.

Lance Kleinsorge will assume the life of a hermit, completely shut off from the outside world. Then, miraculously, starting at age 70, he will slowly become the most intelligent man in the world.

Fernando Lencioni will make a name for himself as a daring outlaw in the Old West tradition. However, he will eventually be arrested and convicted on charges of hijacking a truckload of a well-known brand of corn chips.

Bill Licht will get a job with the Peace Corps and catch a dread disease in the jungles of Africa. After a miraculous recovery, he will return to America, an emaciated 95 pounds. He will then spend the rest of his life in the unsuccessful attempt to convince his friends and family of his identity.

Bob McAnally will climb to the top of the social ladder and revel in his popularity, but will lose it all when it is discovered by America's upper crust that he was a member of San Miguel's Class of '69. He will end his days in a lonely gutter somewhere, oblivious to the world around him.

Gary Neeb's college career will be interrupted by his draft board, but he will be able to talk them out of it. Impressed with his own gift of circumlocution, he will enter the field of politics, for which he has always been predestined, and in which he will be brilliantly successful.

George Newburn will become the center of a new mysticism cult while sitting motionlessly, apparently deep in meditation, for thirty years. However, his followers will be disillusioned when he eventually awakens.

Tom Noakes will become fantastically wealthy selling southern fried chicken. However, he will develope an insatiable craving for Dr. Pepper. He will end his days in some lonely gutter, clutching a half-drained Dr. Pepper bottle to his breast.

After suffering nervous exhaustion several times due to overstudying, Jim Rust will be straightened out by his analyst — somewhat. He will make a fortune as owner of a pest-control company, but will meet an untimely end at the hands of a myopic employee, mistaking him for a large cockroach.

John Snowden will become resident psychiatrist at San Miguel, but will unfortunately expire after two weeks due to overwork.

Bill Stanten will discover the key to eternal life: he will become a science teacher at San Miguel and see three thousand graduating classes before he finally retires.

Steve Storey will become the hero of the American conservative when he becomes the national president of the SDS, which will immediately cease to exist for lack of interest. He will then go on to graduate work in psychology, but will become hopelessly insane when he is assigned to the class of one Professor Vierling.

Bill Sweeney will try his best to emulate his hero, Robert Fly, but will fail miserably by making an average of two mistakes per month. He will then settle into a desk job with the San Diego Police Department. He will be ostracized from the San Miguel graduate in-crowd when he orders the arrest of the entire school.

Bob Wolterstorff will do what he truly believes to be God's will and enter the ministry. However, he will be completely shattered after forty years of devout service when one day the sky opens up and a large voice booms the words: "I AM DISGUSTED!"

Carl Womack will not be able to find happiness in any vocation, but will one day be raised from the depths of desperation when he is offered a job by a former classmate in the rodent division of a pest-control company.

By some bureaucratic fluke, John Zuanich will be placed on active duty in the Coast Guard. He will spend the next fifty years of his life trying to get out. Upon doing so, he will be able to put his training to good use when he is appointed Cardinal by the illustrious Pope.

The 1968 San Miguel football team was again one of the better teams in the league, finishing a strong second in the league with only one loss. Led by running back Jim Rust, the league's most valuable player, and Chuck Brazell we had the finest running attack in the league. Steve Storey led the passing, hitting Al Sander and Roger Abbott. With Win Western, John Holmertz, and Richard Ammon making all league team on offense and Chuck Brazell and Tom Noakes making it on defense, it was a very well-rounded season.

J.V. FOOTBALL

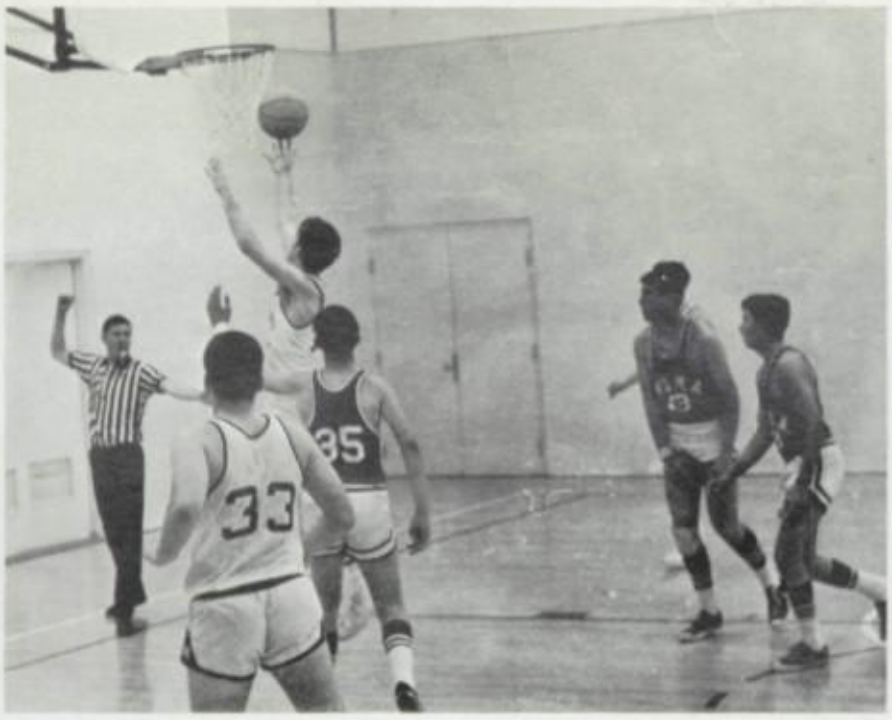
Row One: Jackson, Hubbard, Gronnebeck, Boscia, Toliver, Firestone. Row Two: Whitby, Burnier, Moran, Linekin, Womack, Morris. Row Three: Gaydosh, Armes, Dente, Hydorn, Thomas, Coach Williamson. Row Four: Sager, Gonzalez, Finley, Grant, Rutherford, Bauer, Coach Vierling.

This year's JV Football team had a disappointing season, but not without many surprises. With Quarterback Jerry Toliver leading the way for backs Bob Burnier, Andy Firestone, and Rich Bauer. The line was led by Bob Morris and Jerry Grant, with the defense led by Dario Gonzalaz, and Chris Whitby. along with Rex Hydorn, and of course Tim Rutherford.

68-69 SAN MIGUEL VARSITY BASKETBALL

Coach Williamson, H. Barnard, G. Newburn, S. Storey, V. Hall, M. Gates, W. Western, A. Sander, W. Goodman, W. Sweeny, R. Fowler, Mgr.

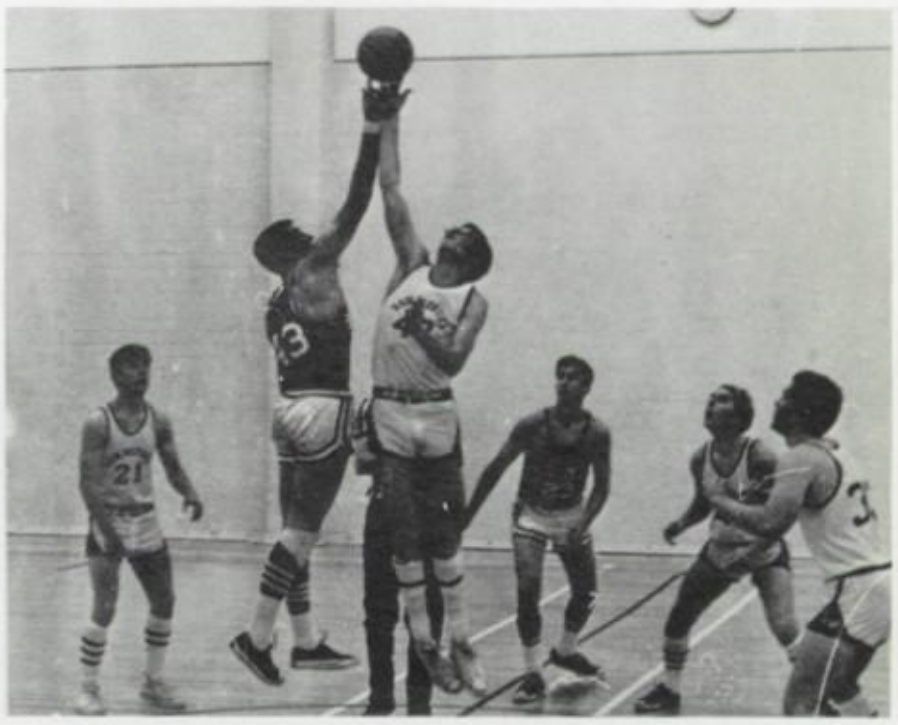
The Varsity Basketball team, placed second, in the Southern League this year. With three all league players in Al Sander, Win Western, and Mike Gates, we were led to a 6-3 mark in league, right behind league champs Julian. The surprising thing is, is that we defeated the league champs twice, and gave them their only losses.



Sander puts one up against Military.

Western pops from the outside.

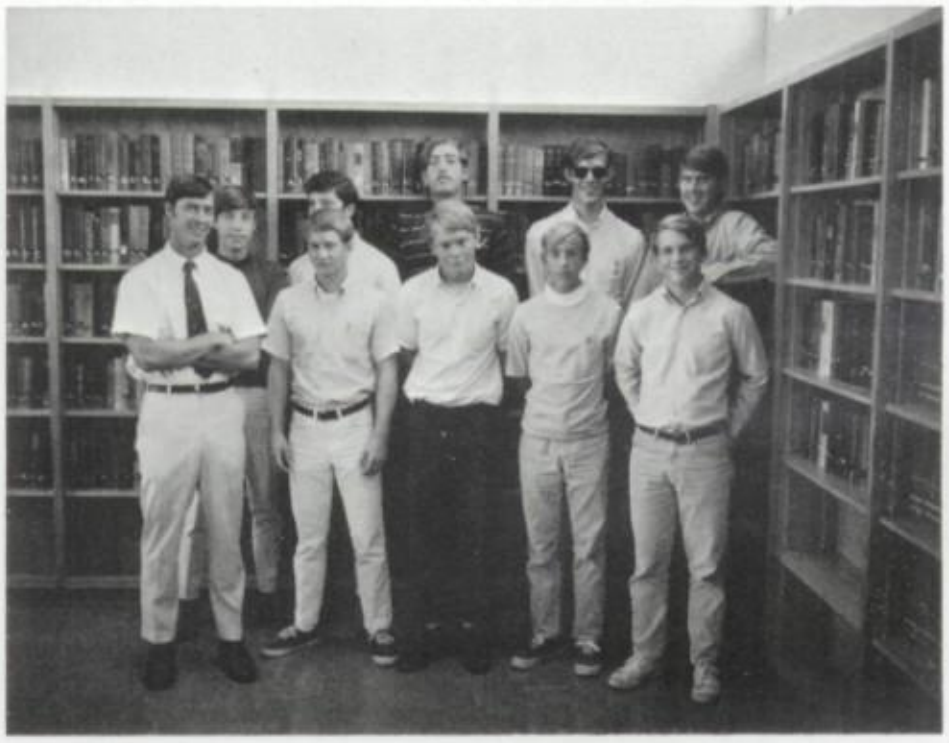
George goes for two.



Big Mike wins the jump.

Storey from 25 feet out scores.

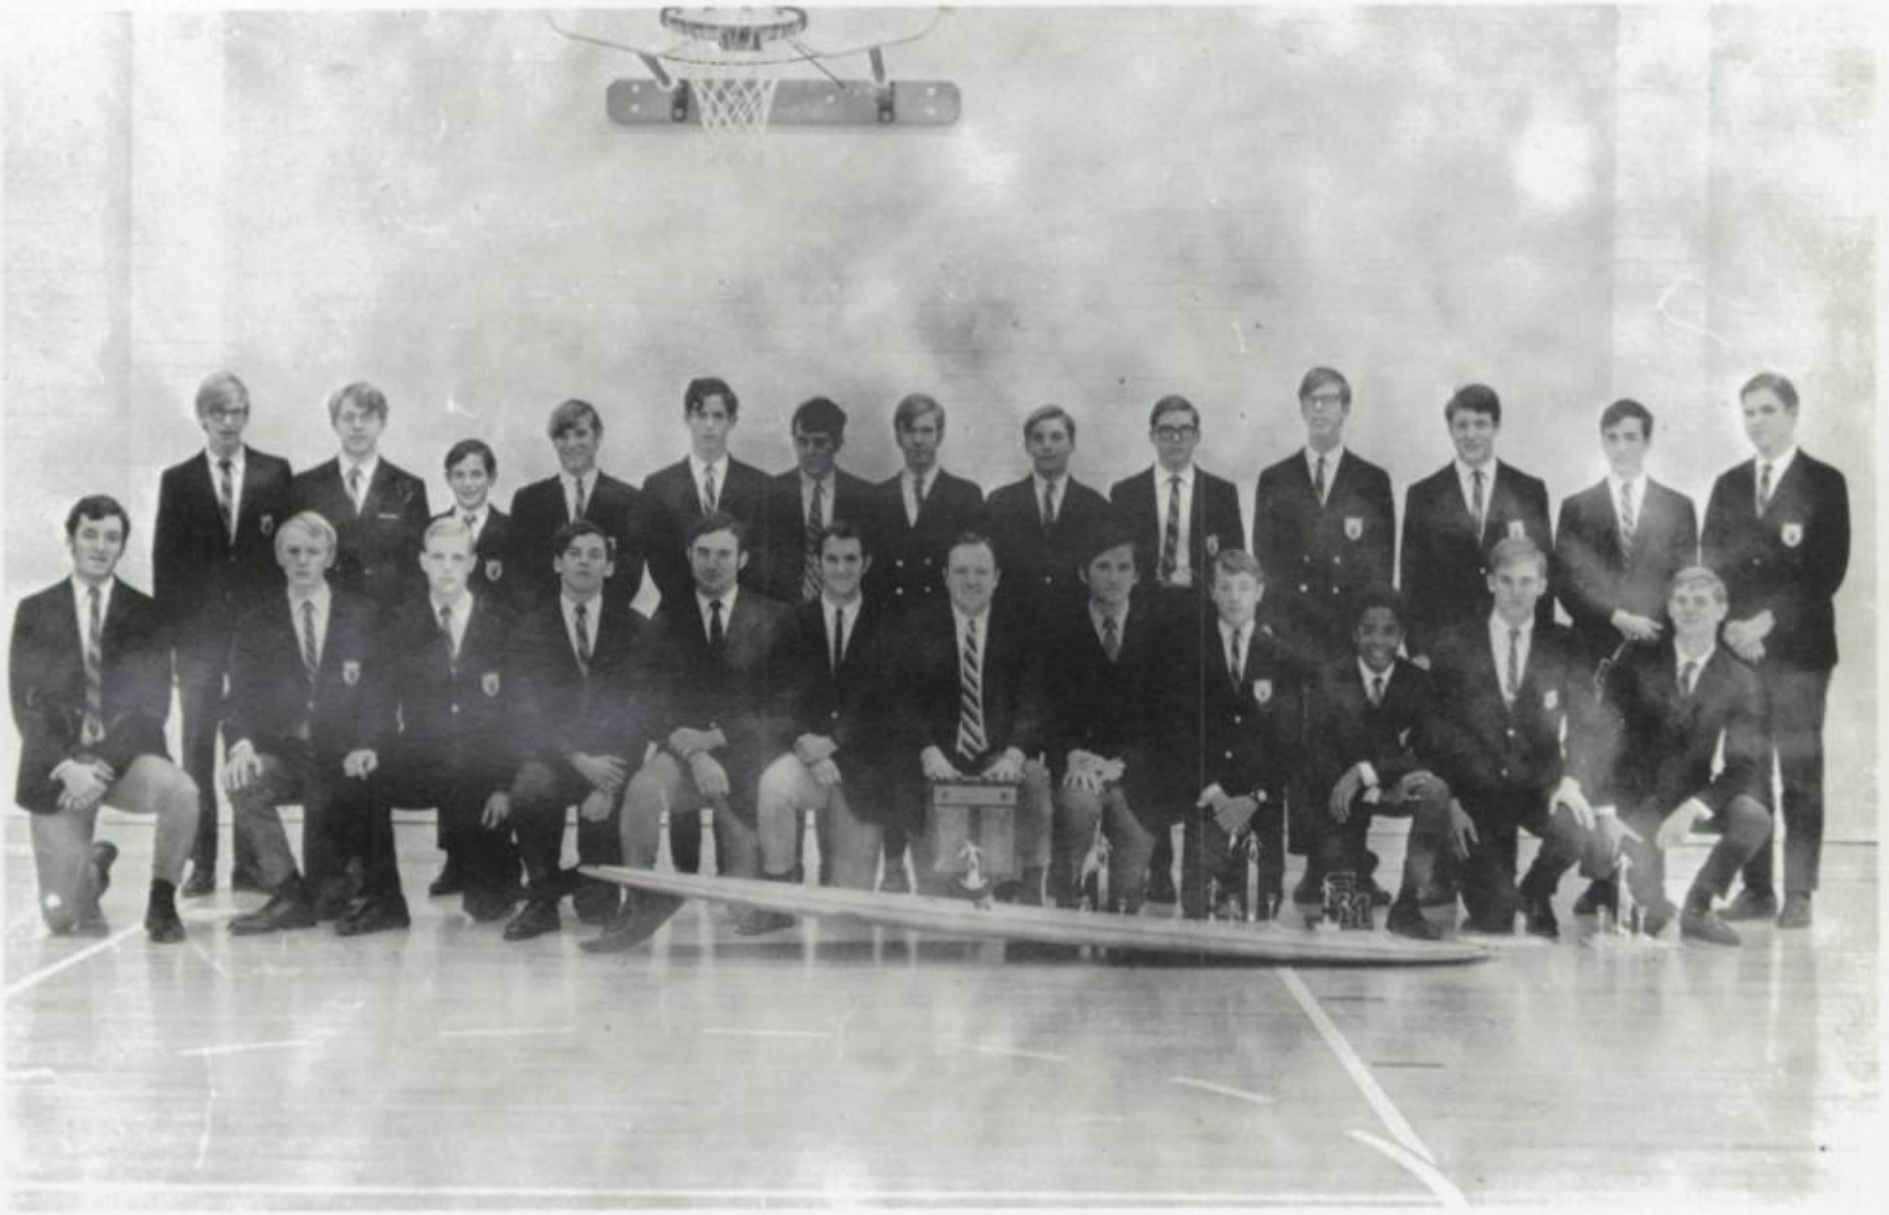
J.V. BASKETBALL



Front row: Coach Kearney, R. Abbott, M. Sager, B. Burnier, S. Womack. Second row: G. Littell, D. Brechlin, S. Dente, E. Moore, R. Scott. NOT SHOWN: W. Loomis, D. Crosby.

This years J.V. basketball team, was a very fine team, with Ed Moore at center, Steve Dente and Dave Crosby at the forwards, and Gary Littell and Roger Abbott at the guards. Though they had a losing season, they did show promise for an excellent varsity for next year.

SOCCER



Front row: R. McAnally, P. Crosley, J. Austin, J. Gligo, C. Brazell, B. Stanten, Coach Vierling, G. Rutherford, F. Van Etten, G. Toliver, D. Firestone, A. Firestone. Back row: Asst. Coach R. Durbin, L. Connolly, J. Epsten, J. Carey, R. Epsten, G. Price, J. Reid, C. Whitby, M. Linekin, G. Grant, D. Gonzalez, L. Grant, Trainer, R. Wolterstorff.

This year's Soccer team was the finest team that the school has ever seen. Lead on the offense by Fred Van Etten, and John Austin, the team scored the most goals the team has scored in one season. The defense was led by Chuck Brazell and Joe Glio, along with George Rutherford. They gave up very few goals, and scared many opponents in more ways than one. The team was coached by Mr. Vierling, and in many people's opinion he should be the coach of the year in the Southern League.

WRESTLING

Front row: M. Sheeran, R. Eastham, Shanks, Moore. Second row: Coach Gundry, J. Burnier, J. Brown, C. Womack, L. Jones, R. Fleischaker, R. Ammon.

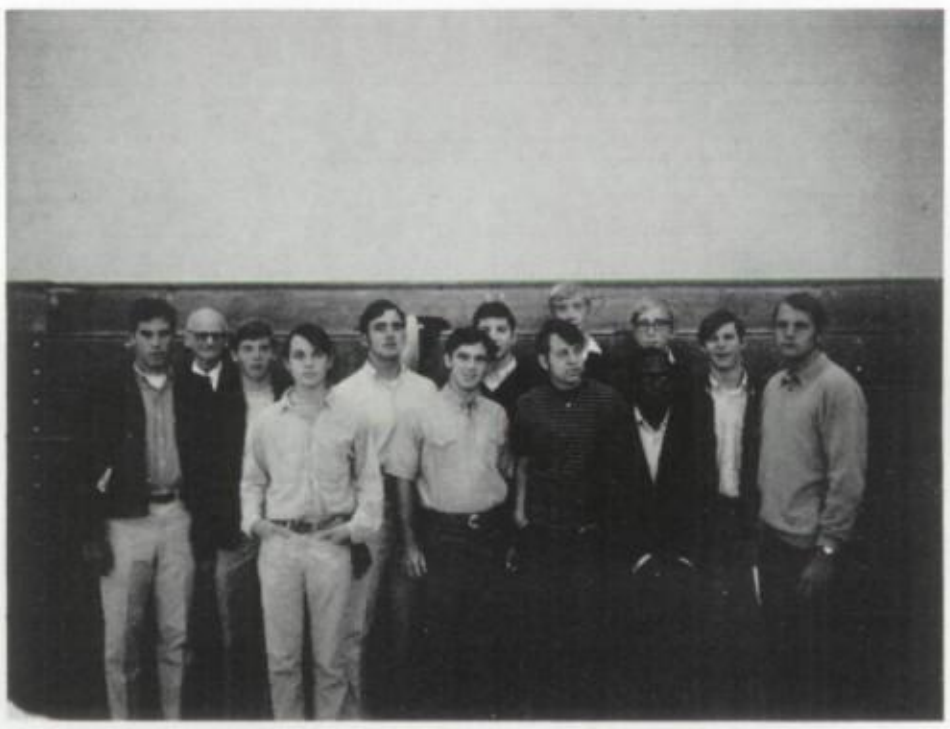
TRACK TEAM



W. Western, Coach Sutherland, A. Firestone, H. Barnard, C. Brazell, C. Womack, D. Brecklin, G. Price, R. Thomas, W. Jackson, J. Burnier, S. Farmar, Coach Shore.

BASEBALL 69

Row One: Becker, Toliver, Womack, Boscia, Wollner. Row Two: Goodman, Abbott, Crosby, Loomis, Row Three: Epsten, Stanten, Ammon, Storey, Sander, Western, Coach Gundry.

The 1969 Baseball team has yet to lose a league game. With the pitching of Steve Storey, and the hitting of Al Sander, they are 5-0. With Bill Goodman catching, Storey pitching, Win Western on first, Roger Abbott at second, Sander at short, and Gerry Toliver at third the outfield of Ammon, Crosby and Snowden, we have one of the best in the county. All of this combined, plus the relief pitching of J. R. Becker, we could go far into C.I.F.

Steve Storey last years most valuable player in the league.

Sander takes a cut.

Storey hits one to left.

Sander, Storey, and Western.
